Subject: documents acceptable for election-day registration

I have reviewed the list on documents to be added to the list of those that can be used to register on election day.

As an election judge, I think that adding these documents is a very good idea. From my experience, I know that some individuals who should have been allowed to vote could not because these very documents were not acceptable. These are especially important in our town, which has two colleges. Students are often turned away because, for example, their lease is not acceptable or their rent payments include their utilities so they have no utility bills. Accepting the other forms of ID listed seems entirely appropriate.

I encourage you to add these documents ahead of the next election.

Regards, Davis Peterson
Northfield, MN
